1 Year Class Curriculum for 2019 – 2020

In the 1 year old classes, children are exposed to the skills & themes below as the staff seeks to incorporate “play” with song, movement, manipulative toys, & developmentally appropriate art activities. Children will also be exposed to some foundational terminology and concepts from curriculums being used in our older classes. In addition to classroom time, children have playground time each day, music and movement once a week and motor skills once a week.

*Our classes will highlight a fine motor skill once a month where more focus is given to that specific skill. However, they will be working on all fine motor skills throughout the year.
